10. «Воспитание для жизни» — это не просто набор навыков, это способ мышления, который помогает человеку адаптироваться к изменениям в мире. Это процесс, который начинается с детства и продолжается на протяжении всей жизни. Это процесс, который требует участия не только семьи, но и общества в целом. Это процесс, который требует от нас ответственности за будущее наших детей и нашего общества. Это процесс, который требует от нас умения слушать, понимать и уважать других. Это процесс, который требует от нас умения работать вместе, чтобы достичь общих целей. Это процесс, который требует от нас умения быть честными, добрыми и справедливыми. Это процесс, который требует от нас умения быть ответственными за свои поступки. Это процесс, который требует от нас умения быть активными участниками жизни. Это процесс, который требует от нас умения быть счастливыми. Это процесс, который требует от нас умения быть собой. Это процесс, который требует от нас умения быть людьми.
